

EGU Galileo Conference GC9-Fire

Fire impacts at the Earth surface across space and time:

Perspectives for future fire management

Tuesday, 29 March 2022

9:30-11:20 CET

Fire-climate-vegetation feedbacks
Keynote and short talks

14:00-15:40 CET

Human-fire interactions
Keynotes and short talks

Wednesday, 30 March 2022

9:00-9:30 CET

Strategies for developing pyrophobic and climate resilient forests at burned areas – The PYROPHOB Project

Thursday, 31 March 2022

9:00-10:45 CET

Post-fire impacts on terrestrial landscapes
Keynotes and short talks

14:00-15:10 CET

Human fire management and fire science communication:
Keynote and short talks
