Start of the stay

End of the stay:

Geo.X relevance:

Please indicate the relevance of the scientific exchange visit to the Geo.X research fields.
Please list all current or future (if planned after return) scientists from other Geo.X partner institutions participating in the scientific exchange. Proposals must have applicants affiliated exclusively with at least two Geo.X partners (i.e. at least one co-applicant may not be affiliated with the applicant's home institute).

Cost estimate:

Transportation:

Accommodation:

Sum:

Motivation (max. 100 Words):

Please explain shortly the motivation for your planned research stay regarding the advancement of your research topic or methodological expertise:

Justification (max. 100 Words):

Which impact and added value will your research stay provide for the Geo.X network or the partner institutions?

Declaration:

I agree to acknowledge the financial support of Geo.X in my presentations and publications related to the science exchange visit

I am aware that the maximal financial support is 2500 €.

I commit to hand in a short report (max. 1 page) or hold a workshop, a talk or another open format of knowledge transfer which is accessible to all interested Geo.X institutions after my return. I will inform Geo.X about the planned event in order to publish it on the Geo.X website.

I hereby agree that my personal data is collected, processed and used only for the purpose of processing my application with Geo.X or contractual partners.

A storage of personal data beyond the processing period takes place only to the extent necessary for accounting purposes. Data without allowing a direct reference to the person are used for statistical evaluation.

The revocation is possible at any time. [Privacy Policy](#)
