

# Sonderkolloquium am 20./ 21.01.2015

Vorträge für die Professur in Sedimentologie

Dr. Anne Bernhardt (Univ. Potsdam)

20.01. - ab 09:00 Uhr – Raum B029

**„Approaches to the Interpretation of Marine Clastic Sedimentary Systems“**

Dr. Gesa Kuhlmann (BGR, Berlin)

20.01.- ab 11:30 Uhr – Raum B029

**„From Sediment to Basin - Case Studies and Applications“**

PD Dr. Stefan Back (RWTH Aachen)

20.01. – ab 14:30 Uhr – Raum B029

**„The influence of geodynamic processes on sedimentary systems: examples from offshore NW Australia“**

Dr. Matthias Bernet (Univ. Grenoble)

21.01. – ab 09:00 Uhr – Raum B029

**„From mountains to Basins: the record of exhumation of the Northern Andes“**

Dr. Michaela Spiske (Univ. Münster)

21.01. – ab 11:30 Uhr – Raum B029

**„The geological record of tsunamis - sedimentology, methods and challenges“**
